GLB+ SMART EV CHARGERS.

GLB+ WALL MOUNTED SMART EV CHARGERS WITH PME PROTECTION

All GARO chargers incorporate a stylish design that can be placed both indoors and outdoors at home or work, smart functionality and a simple charging procedure with built-in protection for personal safety and PME Fault Detection now incorporated in selected models. A three-year warranty is standard across the range.

STANDARD FEATURES

- Plug and play for easy installation in single phase domestic installs only
- DC leakage built-in, requires Type A RCCB/RCBO protection
- Dynamic Load Management (DLM), protects the main fuse
- PME Fault Detection Built-In, eliminates the need for earth rods
- Motorised Interlock, prevents cable being removed when in use
- Power from 3.7 kW to 7.4kW (variable from 6A to 32A)
- Type 2 connector, socket or tethered lead (5m)
- Full mode 3 charge control
- LED indication of charging status
- For installation indoors and outdoors, wall or GLB stand
- Durable & Weather Proof: IK08 & IP44
- Certified: EN 61851-1, IEC 61439-7
- Fully Compliant with EVCP Smart Regulations effective from July 1st
