

eo MINI PRO

EO MINI PRO 3

Impossibly small.  
Impressively smart.

## FEATURES

**Size matters:** Compact and ergonomic design, same size as an A5 notepad.

**Small but powerful:** Charging capacity of 7kW, perfect for overnight charging.

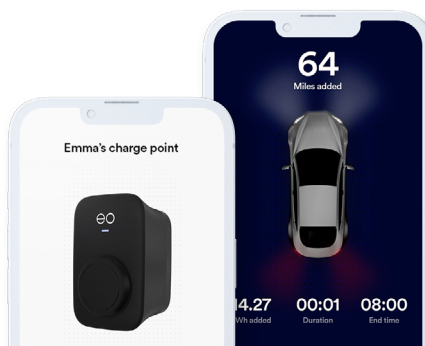

**Safe and reliable:** Built-in power balancing preventing energy blackouts at home. 3-year warranty with option to extend.

**Built-in PME:** No need for earth rods with built in open PEN conductor protection (single-phase only).

**Ready for any weather:** IP54 certified and operates in -25°C temperatures. Safe indoor or outdoor installation.
