

## **Electricity Isolator Switch**

Provides for electrical isolation between the DNO kWh meter and consumer unit or distribution board. The isolation switch permits the supply to the installation to be interrupted without withdrawing the DNO cut out fuse. Available as either an empty enclosure or with integrated main switch.

• Available in 2 module enclosure complete with 100A DP Main Switch, or in 4 module enclosure complete with 100A 4P Main Switch.

• Ingress rating IP20 IK07

- Designed for use with 16mm2 & 25mm2 double insulated meter tails type 6181Y
